SUN art

Welcome to the SUN Art exhibit at Friedman Memorial Airport (FMA) featuring 36 works by 27 artists. This is the fourth in a series of rotating exhibits—an effort by FMA to showcase the talent of the many artists who are influenced by the region. The exhibits are organized and juried by members of the Bellevue, Hailey and Ketchum Arts Commissions, and FMA board and staff. Throughout the terminal, you will also find artworks from FMA's permanent collection.
