PROGRAM

2017

**Friedman Memorial Airport Authority
Friedman Memorial Airport
Hailey, Idaho
DBE PROGRAM**

POLICY STATEMENT

Section 26.1, 26.3

Objectives / Policy Statement

The Friedman Memorial Airport Authority has established a Disadvantaged Business Enterprise (DBE) Program in accordance with the regulations of the U.S. Department of Transportation (DOT), 49 CFR Part 26. The Friedman Memorial Airport Authority has received Federal financial assistance from the Department of Transportation, and as a condition of receiving this assistance, the Friedman Memorial Airport Sponsors have signed an assurance that it will comply with 49 CFR Part 26.

It is the policy of the Friedman Memorial Airport Authority to ensure that DBEs, as defined in part 26, have an equal opportunity to receive and participate in DOT-assisted contracts. It is also our policy:

1. To ensure nondiscrimination in the award and administration of DOT-assisted contracts;
2. To create a level playing field on which DBEs can compete fairly for DOT-assisted contracts;
3. To ensure that the DBE program is narrowly tailored in accordance with applicable law;
4. To ensure that only firms that fully meet 49 CFR Part 26 eligibility standards are permitted to participate as DBEs;
5. To help remove barriers to the participation of DBEs in DOT-assisted contracts;
6. To promote the use of DBEs in all types of federally-assisted contracts and procurement activities conducted by recipients;
7. To assist in the development of firms that can compete successfully in the marketplace outside the DBE program;
8. To provide appropriate flexibility to recipients of Federal financial assistance in establishing and providing opportunities for DBEs.

Roberta Christensen has been delegated as the DBE Liaison Officer. In that capacity the Liaison Officer responsible for implementing all aspects of the DBE program. Implementation of the DBE program is accorded the same priority as compliance with all other legal obligations incurred by the Friedman Memorial Airport Authority in its financial assistance agreements with the Department of Transportation.

Friedman Memorial Airport Authority has disseminated this policy statement to the Friedman Memorial Airport Authority and all of the components of our organization. The Airport has distributed this statement to DBE and non-DBE business communities that perform work for us on DOT-assisted contracts by inclusion in solicitations of bids or requests for qualifications.

Don Keirn
Chairman, Friedman Memorial Airport Authority

Email: roberta@iflysun.com

SUBPART A – GENERAL REQUIREMENTS

Section 26.1 Objectives

The objectives are found in the policy statement on the first page of this program.

Section 26.3 Applicability

Friedman Memorial Airport Authority is the recipient of Federal airport funds authorized by 49 U.S.C. 47101, *et seq.*

Section 26.5 Definitions

Friedman Memorial Airport Authority will use terms in this program that have the meanings defined in Section 26.5.

Section 26.7 Nondiscrimination

Friedman Memorial Airport Authority will never exclude any person from participation in, deny any person the benefits of, or otherwise discriminate against anyone in connection with the award and performance of any contract covered by 49 CFR Part 26 on the basis of race, color, sex or national origin.

In administering its DBE program, the Friedman Memorial Airport Authority will not, directly or through contractual or other arrangements, use criteria or methods of administration that have the effect of defeating or substantially impairing accomplishment of the objectives of the DBE program with respect to individuals of a particular race, color, sex, or national origin.

Section 26.11 Record Keeping Requirements

We will report DBE participation to DOT/FAA as follows:

We will transmit to FAA annually on December 1, the “Uniform Report of DBE Awards or Commitments and Payments” form, found in Appendix B to this part. We will also report the DBE contractor firm information either on the FAA DBE Contractor’s Form or other similar format. We will begin using the revised Uniform Report of DBE Awards or Commitments and Payments for reporting FY 2015 reports due December 1, 2015.

The Friedman Memorial Airport Authority will create and maintain a bidders list. The purpose of the list is to provide as accurate data as possible about the universe of DBE and non-DBE contractors and subcontractors who seek to work on our DOT-assisted contracts for use in helping to set our overall goals. The bidders list will include the name, address, DBE and non-DBE status, age of firm, and annual gross receipts of firms.

We will collect this information in the following ways: A copy of the "Bidders List Information" form used to collect this information is found in Attachment 3 to this program. This information is collected from all bidders at the time bids are due.

Section 26.13 Federal Financial Assistance Agreement

The Friedman Memorial Airport Authority has signed the following assurances, applicable to all DOT-assisted contracts and their administration:

Each financial assistance agreement the Friedman Memorial Airport Authority signs with a DOT operating administration (or a primary recipient) will include the following assurance:

The Friedman Memorial Airport Authority shall not discriminate on the basis of race, color, national origin, or sex in the award and performance of any DOT-assisted contract or in the administration of its DBE program or the requirements of 49 CFR part 26. The Friedman Memorial Airport Authority shall take all necessary and reasonable steps under 49 CFR part 26 to ensure nondiscrimination in the award and administration of DOT-assisted contracts. The Friedman Memorial Airport Authority's DBE program, as required by 49 CFR part 26 and as approved by DOT, is incorporated by reference in this agreement. Implementation of this program is a legal obligation and failure to carry out its terms shall be treated as a violation of this agreement. Upon notification to the Friedman Memorial Airport Authority of its failure to carry out its approved program, the Department may impose sanctions as provided for under 49 CFR part 26 and may, in appropriate cases, refer the matter for enforcement under 18 U.S.C. 1001 and/or the Program Fraud Civil Remedies Act of 1986 (31 U.S.C. 3801 et seq).

The Friedman Memorial Airport Authority will ensure that the following clause is included in each contract we sign with a contractor and each subcontract the prime contractor signs with a subcontractor:

The contractor, sub recipient or subcontractor shall not discriminate on the basis of race, color, national origin, or sex in the performance of this contract. The contractor shall carry out applicable requirements of 49 CFR part 26 in the award and administration of DOT-assisted contracts. Failure by the contractor to carry out these requirements is a material breach of this contract, which may result in the termination of this contract or such other remedy as The Friedman Memorial Airport Authority deems appropriate, which may include, but is not limited to: (1) Withholding monthly progress payments; (2) Assessing sanctions; (3) Liquidated damages; and/or (4) Disqualifying the contractor from future bidding as non-responsible.

SUBPART B – ADMINISTRATIVE REQUIREMENTS

Section 26.21 DBE Program Updates

The Friedman Memorial Airport Authority is required to have a DBE program meeting the requirements of this part as it will receive grants for airport planning or development and will award prime contracts, cumulative total value of which exceeds \$250,000 in FAA funds in a federal fiscal year. We are not eligible to receive DOT financial assistance unless DOT has approved our DBE program and we are in compliance with it and this part. We will continue to carry out our program until all funds from DOT financial assistance have been expended. We do not have to submit regular updates of our program, as long as we remain in compliance. However, we will submit significant changes in the program for approval.

Section 26.23 Policy Statement

The Policy Statement is elaborated on the first page of this program.

Section 26.25 DBE Liaison Officer (DBELO)

The Friedman Memorial Airport Authority has designated the following individual as our DBE Liaison Officer:

Roberta Christensen, Office Administration/Airport Security Trusted Agent
1616 Airport Circle
Hailey, Idaho 83333
Phone: (208) 788-4956
Email: roberta@iflysun.com

In that capacity, the DBELO is responsible for implementing all aspects of the DBE program and ensuring that the Friedman Memorial Airport Authority complies with all provisions of 49 CFR Part 26. The DBELO, has direct, independent access to Chris Pomeroy, Manager Friedman Memorial Airport concerning DBE program matters. An organization chart displaying the DBELO's position on the organization is found in Attachment 2 to this program.

The DBELO is responsible for developing, implementing and monitoring the DBE program, in coordination with other appropriate officials. Duties and responsibilities include the following:

1. Gathers and reports statistical data and other information as required by DOT.
2. Works with Friedman Memorial Airport Authority departments and consultants to set overall annual goals.
3. Ensures that bid notices and requests for proposals are available to DBEs in a timely manner.
4. Identifies contracts and procurements so that DBE goals are included in solicitations (both race-neutral methods and contract specific goals) and monitors results.
5. Evaluates the Friedman Memorial Airport Authority's progress toward goal attainment and identifies ways to improve progress.
6. Participates in pre-bid meetings.
7. Advises the governing body on DBE matters and achievement.
8. Participates with the Friedman Memorial Airport Authority Attorney to determine contractor compliance with good faith efforts.
9. Refers all DBE Uniform Certification Process certification/decertification to Idaho Transportation Department (UCP organization in Idaho) for determination pursuant to the criteria set by DOT.
10. Obtains the Idaho Transportation Department certified DBE directory that is updated monthly.

Section 26.27 DBE Financial Institutions

It is the policy of the Friedman Memorial Airport Authority to investigate the full extent of services offered by financial institutions owned and controlled by socially and economically disadvantaged individuals in the community, to make reasonable efforts to use these institutions, and to encourage prime contractors on DOT-assisted contracts to make use of these institutions.

The list of financial institutions available from the Department of Finance, State of Idaho, was reviewed to determine if any of the financial institutions are owned and controlled by socially or economically disadvantaged individuals. No financial institutions in the State of Idaho owned and controlled by socially or economically disadvantaged individuals were identified. The Friedman Memorial Airport Authority will investigate the availability of DBE financial institutions on an annual basis.

Section 26.29 Prompt Payment Mechanisms

The Friedman Memorial Airport Authority has established, as part of its DBE Program, a contract clause to require prime contractors to pay subcontractors for satisfactory performance of their contracts no later than 30 days from receipt of each payment the Friedman Memorial Airport Authority makes to the prime contractor.

We will ensure prompt and full payment of retainage from the prime contractor to the subcontractor within 30 days after the subcontractor's work is satisfactorily completed. We will use the following method to comply with this requirement:

Hold retainage from prime contractors and provide for prompt and regular incremental acceptances of portions of the prime contract, pay retainage to prime contractors based on these acceptances, and require a contract clause obligating the prime contractor to pay all retainage owed to the subcontractor for satisfactory completion of the accepted work within 30 days after the Friedman Memorial Airport Authority makes payment to the prime contractor.

The Friedman Memorial Airport Authority will consider a subcontractor's work is satisfactorily completed when all the tasks called for in the subcontract have been accomplished and documented as required by the Friedman Memorial Airport Authority. When the Friedman Memorial Airport Authority has made an incremental acceptance of a portion of a prime contract, the work of a subcontractor covered by that acceptance is deemed to be satisfactorily completed.

The Friedman Memorial Airport Authority will provide appropriate means to enforce the requirements of this section. These means include:

The Friedman Memorial Airport Authority will include the following clause in each DOT-assisted prime contract:

The prime contractor agrees to pay each subcontractor under this prime contract for satisfactory performance of its contract no later than 30 days from the receipt of each payment the prime contractor receives from the Friedman Memorial Airport Authority. The prime contractor agrees further to return retainage payments to each subcontractor within 30 days after the subcontractors work is satisfactorily completed. Any delay or postponement of payment from the above referenced timeframe may occur only for good cause following written approval of the Friedman Memorial Airport Authority. This clause applies to both DBE and non-DBE subcontractors.

Monitoring Payments to DBEs

We will require prime contractors to maintain records and documents of payments to DBEs for three years following the performance of the contract. These records will be made available for inspection upon request by any authorized representative of the Friedman Memorial Airport Authority or DOT. This reporting requirement also extends to any certified DBE subcontractor.

We will perform interim audits of contract payments to DBEs. The audit will review payments to DBE subcontractors to ensure that the actual amount paid to DBE subcontractors equals or exceeds the dollar amounts stated in the schedule of DBE participation.

Section 26.31 Directory

The Friedman Memorial Airport Authority uses the State of Idaho, Idaho Transportation Department, DBE Directory maintained by the State.

The directory lists the firm's name, address, phone number, and the type of work the firm has been certified to perform as a DBE. In addition, the directory lists each type of work for which a firm is eligible to be certified by using the most specific NAICS code available to describe each type of work.

The Directory may be found at:

<https://itd.dbesystem.com/Default.asp?>

Section 26.33 Over-concentration

The Friedman Memorial Airport Authority has not identified that over-concentration exists in the types of work that DBEs perform.

Section 26.35 Business Development Programs

The Friedman Memorial Airport Authority has not established a Business Development Program at this time. The Friedman Memorial Airport Authority will rely upon the program in place at the Idaho Transportation Department, Office of Civil Rights, P.O. Box 7129, Boise, Idaho 83707-1129, by telephone at (208) 334-8884, on the internet at:

<http://apps.itd.idaho.gov/apps/ocr/ocrBUSINESS.aspx>

Section 26.37 Monitoring and Enforcement Mechanisms

The Friedman Memorial Airport Authority will take the following monitoring and enforcement mechanisms to ensure compliance with 49 CFR Part 26.

1. We will bring to the attention of the Department of Transportation any false, fraudulent, or dishonest conduct in connection with the program, so that DOT can take the steps (e.g., referral to the Department of Justice for criminal prosecution, referral to the DOT Inspector General, action under suspension and debarment or Program Fraud and Civil Penalties rules) provided in 26.107.
2. We will implement similar action under our own legal authorities, including responsibility determinations in future contracts. The Friedman Memorial Airport Authority has available several remedies to enforce the DBE requirements contained in its contracts, including, but not limited to, the following:
 - Breach of contract, action, pursuant to the terms of the contract;
 - Suspension or debarment proceedings pursuant to 49 CFR Part 26;
 - Enforcement action pursuant to 49 CFR Part 31;
 - Prosecution pursuant to 18 USC 1001.
3. We will implement a monitoring and enforcement mechanism to ensure that work committed to DBEs at contract award or subsequently (i.e., as the result of modification to the contract) is actually performed by the DBEs to which the work was committed.
4. We will implement a monitoring and enforcement mechanism that will include written certification that we have reviewed contracting records and monitored work sites for this purpose. The monitoring and certification will be conducted in conjunction with preparing contract close-out documentation for each prime contract. This will be accomplished by requiring Prime Contractors

to provide documentation for each contract certifying that payments to subcontractors have been made within the time limit stated in their contract.

5. We will implement a mechanism that will provide for a running tally of actual DBE attainments (e.g., payment actually made to DBE firms), including a means of comparing these attainments to commitments. In our reports of DBE participation to DOT, we will show both commitments and attainments, as required by the DOT uniform reporting form.

Section 26.39 Fostering Small Business Participation

The Friedman Memorial Airport Authority has created a Small Business element to structure contracting requirements to facilitate competition by small business concerns, taking all reasonable steps to eliminate obstacles to their participation, including unnecessary and unjustified bundling of contract requirements that may preclude small business participation in procurements as prime contractors or subcontractors.

The Friedman Memorial Airport Authority’s small business element is incorporated as Attachment 12 to this DBE Program. We will actively implement the program elements to foster small business participation; doing so is a requirement of good faith implementation of our DBE program.

SUBPART C –GOALS, GOOD FAITH EFFORTS, and COUNTING

Section 26.43 Set-asides or Quotas

The Friedman Memorial Airport Authority does not use quotas in any way in the administration of this DBE program.

Section 26.45 Overall Goals

The Friedman Memorial Airport Authority will establish an overall DBE goal covering a three-year federal fiscal year period if we anticipate awarding DOT/FAA funded prime contracts the cumulative total value of which exceeds \$250,000 during any one or more of the reporting fiscal years within the three-year goal period. In accordance with 49 CFR Part 26.45(f) the Friedman Memorial Airport Authority will submit its Overall Three-year DBE Goal to FAA by August 1st as required by the established schedule below.

Airport Type	Region	Date Due (Goal Period)	Next Goal Due (Goal Period)
Non-Hub Primary	All Regions	August 1, 2015 (2016/2017/2018)	August 1, 2018 (2019/2020/2021)

The DBE goals will be established in accordance with the 2-step process as specified in 49 CFR Part 26.45. If the Friedman Memorial Airport Authority does not anticipate awarding DOT/FAA funded prime contracts the cumulative total value of which exceeds \$250,000 during any of the years within the three-year reporting period, we will not develop an overall goal; however, this DBE Program will remain in effect and the Friedman Memorial Airport Authority will seek to fulfill the objectives outlined in 49 CFR Part 26.1.

Step 1. The first step is to determine the relative availability of DBEs in the market area, “base figure”. We will use DBE Directories and Census Bureau Data as a method to determine our base figure. The second step is to adjust the “base figure” percentage from Step 1 so that it reflects as accurately as possible the DBE participation the recipient would expect in the absence of

discrimination based on past participation, a disparity study and/or information about barriers to entry to past competitiveness of DBEs on Contracts.

If we use a bidders list, we will do the following: Determine the number of DBEs that have bid or quoted (successful and unsuccessful) on your DOT-assisted prime contracts or subcontracts in the past three years. Determine the number of all businesses that have bid or quoted (successful and unsuccessful) on prime or subcontracts in the same time period. Divide the number of DBE bidders and quoters by the number of all businesses to derive a base figure for the relative availability of DBEs in your market. When using this approach, we will establish a mechanism (documented in our goal submission) to directly capture data on DBE and non-DBE prime and subcontractors that submitted bids or quotes on our DOT-assisted contracts.

Any methodology we choose will be based on demonstrable evidence of local market conditions and be designed to ultimately attain a goal that is rationally related to the relative availability of DBEs in our market. We understand that the exclusive use of a list of prequalified contractors or plan holders, or a bidders list that does not comply with the requirements of paragraph (c)(2) of this section (above), is not an acceptable alternative means of determining the availability of DBEs.

Step 2. Once we have calculated a base figure, we will examine all of the evidence available in our jurisdiction to determine what adjustment, if any, is needed to the base figure to arrive at our overall goal. If the evidence does not suggest an adjustment is necessary, then no adjustment shall be made.

Section 26.45 (g)(1) - Consultation

In establishing the overall goal, the Friedman Memorial Airport Authority will provide for consultation and publication. This includes consultation with minority, women's and general contractor groups, community organizations, and other officials or organizations which could be expected to have information concerning the availability of disadvantaged and non-disadvantaged businesses, the effects of discrimination on opportunities for DBEs, and the Friedman Memorial Airport Authority's efforts to establish a level playing field for the participation of DBEs. The consultation will include a scheduled, direct, interactive exchange (e.g., a face-to-face meeting, video conference, teleconference) with as many interested stakeholders as possible focused on obtaining information relevant to the Friedman Memorial Airport Authority's goal setting process, and it will occur before we are required to submit our goal methodology to the operating administration for review pursuant to paragraph (f) of 49 CFR Part 26.45. We will document in our goal submission the consultation process that we engaged in. Notwithstanding paragraph (f)(4) of 49 CFR Part 26.45, we will not implement our proposed goal until we have complied with this requirement.

In addition, the Friedman Memorial Airport Authority will publish a notice announcing our proposed overall goal before submission to the operating administration on August 1st. The notice will be posted on our official internet web site and may be posted in any other sources (e.g., minority-focused media, trade association publications). If the proposed goal changes following review by the operating administration, the revised goal will be posted on our official internet web site. We will inform the public that the proposed overall goal and its rationale are available for inspection during normal business hours at our principal office and that the Friedman Memorial Airport Authority and DOT/FAA will accept comments on the goals for 30 days from the date of the notice. Notice of the comment period will include the addresses to which comments may be sent (including offices and websites), where the proposal may be reviewed. The public comment period will not extend the August 1st deadline.

Our Overall Three-Year DBE Goal submission to DOT/FAA will include a summary of information and comments received, if any, during this public participation process and our responses.

We will begin using our overall goal on October 1 of the reporting period, unless we have received other instructions from DOT.

Section 26.45 (e) - Project Goals

If permitted or required by the FAA Administrator we will express our overall goals as a percentage of funds for a particular grant or project or group of grants and/or projects, including entire projects. Like other overall goals, a project goal may be adjusted to reflect changed circumstances, with the concurrence of the appropriate operating administration. A project goal is an overall goal, and must meet all the substantive and procedural requirements of this section pertaining to overall goals. A project goal covers the entire length of the project to which it applies. The project goal should include a projection of the DBE participation anticipated to be obtained during each fiscal year covered by the project goal. The funds for the project to which the project goal pertains are separated from the base from which your regular overall goal, applicable to contracts not part of the project covered by a project goal, is calculated.

If we establish a goal on a project basis, we will begin using our goal by the time of the first solicitation for a DOT-assisted contract for the project.

Section 26.45(f) - Prior Operating Administration Concurrence

The Friedman Memorial Airport Authority understands that we are not required to obtain prior operating administration concurrence with our overall goal. However, if the operating administration's review suggests that our overall goal has not been correctly calculated or that our method for calculating goals is inadequate, the operating administration may, after consulting with us, adjust our overall goal or require that we do so. The adjusted overall goal is binding. In evaluating the adequacy or soundness of the methodology used to derive the overall goal, the U.S. DOT operating administration will be guided by the goal setting principles and best practices identified by the Department in guidance issued pursuant to §26.9.

A description of the methodology to calculate the overall goal and the goal calculations can be found in Attachment 5 to this program.

Section 26.47 Failure to Meet Overall Goals

The Friedman Memorial Airport Authority will maintain an approved DBE Program and overall DBE goal, if applicable as well as administer our DBE Program in good faith to be considered to be in compliance with this part.

If the Friedman Memorial Airport Authority awards and commitments shown on our Uniform Report of Awards or Commitments and Payments at the end of any fiscal year are less than the overall goal applicable to that fiscal year, we will do the following in order to be regarded by the Department as implementing our DBE Program in good faith:

- (1) Analyze in detail the reasons for the difference between the overall goal and our awards and commitments in that fiscal year;
- (2) Establish specific steps and milestones to correct the problems we have identified in our analysis and to enable us to meet fully your goal for the new fiscal year;
- (3) The Friedman Memorial Airport Authority will prepare, within 90 days of the end of the fiscal year, the analysis and corrective actions developed under paragraph (c)(1) and (2) of this section. We will retain copy of analysis and corrective actions in records for a minimum of three years, and will make it available to FAA upon request.

Section 26.51(a-c) Breakout of Estimated Race-Neutral and Race-Conscious Participation

The Friedman Memorial Airport Authority will meet the maximum feasible portion of its overall goal by using race-neutral means of facilitating race-neutral DBE participation. Race-neutral DBE participation includes any time a DBE wins a prime contract through customary competitive procurement procedures or is awarded a subcontract on a prime contract that does not carry a DBE contract goal.

Race-neutral means include, but are not limited to the following:

- (1) Arranging solicitations, times for the presentation of bids, quantities, specifications, and delivery schedules in ways that facilitate participation by DBEs and other small businesses and by making contracts more accessible to small businesses, by means such as those provided under §26.39 of this part.
- (2) Providing assistance in overcoming limitations such as inability to obtain bonding or financing (e.g., by such means as simplifying the bonding process, reducing bonding requirements, eliminating the impact of surety costs from bids, and providing services to help DBEs, and other small businesses, obtain bonding and financing);
- (3) Providing technical assistance and other services;
- (4) Carrying out information and communications programs on contracting procedures and specific contract opportunities (e.g., ensuring the inclusion of DBEs, and other small businesses, on recipient mailing lists for bidders; ensuring the dissemination to bidders on prime contracts of lists of potential subcontractors; provision of information in languages other than English, where appropriate);
- (5) Implementing a supportive services program to develop and improve immediate and long-term business management, record keeping, and financial and accounting capability for DBEs and other small businesses;
- (6) Providing services to help DBEs, and other small businesses, improve long-term development, increase opportunities to participate in a variety of kinds of work, handle increasingly significant projects, and achieve eventual self-sufficiency;
- (7) Establishing a program to assist new, start-up firms, particularly in fields in which DBE participation has historically been low;
- (8) Ensuring distribution of your DBE directory, through print and electronic means, to the widest feasible universe of potential prime contractors; and
- (9) Assisting DBEs, and other small businesses, to develop their capability to utilize emerging technology and conduct business through electronic media.

The breakout of estimated race-neutral and race-conscious participation can be found in Attachment 5 to this program as part of the methodology of goal calculations.

Section 26.51(d-g) Contract Goals

The Friedman Memorial Airport Authority will arrange solicitations, times for the presentation of bids, quantities, specifications, and delivery schedules in ways that facilitate participation by DBEs and other

small businesses and by making contracts more accessible to small businesses, by means such as those provided under paragraph 26.39.

If our approved projection under paragraph (c) of this section estimates that we can meet our entire overall goal for a given year through race-neutral means, we will implement our program without setting contract goals during that year, unless it becomes necessary in order to meet our overall goal.

We will establish contract goals only on those DOT-assisted contracts that have subcontracting possibilities. We need not establish a contract goal on every such contract, and the size of contract goals will be adapted to the circumstances of each such contract (e.g., type and location of work, availability of DBEs to perform the particular type of work).

We will express our contract goals as a percentage of the Federal share of a DOT-assisted contract.

Section 26.53 Good Faith Efforts Procedures

Demonstration of good faith efforts (26.53(a) and (c))

The obligation of the bidder/offeror is to make good faith efforts. The bidder/offeror can demonstrate that it has done so either by meeting the contract goal or documenting good faith efforts. Examples of good faith efforts are found in Appendix A to Part 26.

Roberta Christensen, DBE Liaison Officer is responsible for determining whether a bidder/offeror who has not met the contract goal has documented sufficient good faith efforts to be regarded as Responsive.

We will ensure that all information is complete and accurate and adequately documents the bidder/offeror's good faith efforts before we commit to the performance of the contract by the bidder/offeror.

Information to be submitted (26.53(b))

In our solicitations for DOT/FAA-assisted contracts for which a contract goal has been established, we will require the following:

- (1) Award of the contract will be conditioned on meeting the requirements of this section;
- (2) All bidders or offerors will be required to submit the following information to the recipient, at the time provided in paragraph (b)(3) of this section:
 - (i) The names and addresses of DBE firms that will participate in the contract;
 - (ii) A description of the work that each DBE will perform. To count toward meeting a goal, each DBE firm must be certified in a NAICS code applicable to the kind of work the firm would perform on the contract;
 - (iii) The dollar amount of the participation of each DBE firm participating;
 - (iv) Written documentation of the bidder/offeror's commitment to use a DBE subcontractor whose participation it submits to meet a contract goal; and
 - (v) Written confirmation from each listed DBE firm that it is participating in the contract in the kind and amount of work provided in the prime contractor's commitment.
 - (vi) If the contract goal is not met, evidence of good faith efforts (see Appendix A of this part). The documentation of good faith efforts must include copies of each DBE and non-DBE subcontractor quote submitted to the bidder when a non-DBE subcontractor was selected over a DBE for work on the contract; and

- (3) We will require that the bidder/offeror present the information required by paragraph (b)(2) of this section:

Under sealed bid procedures, as a matter of responsiveness, or with initial proposals, under contract negotiation procedures.

Administrative reconsideration

Within 7 business days of being informed the Friedman Memorial Airport Authority that it is not responsive because it has not documented sufficient good faith efforts, a bidder/offeror may request administrative reconsideration. Bidder/offerors should make this request in writing to the following reconsideration official:

Chris Pomeroy, Manager Friedman Memorial Airport
1616 Airport Circle
Hailey, Idaho 83333
Phone: (208) 788-4956
Email: chris@iflysun.com

The reconsideration official will not have played any role in the original determination that the bidder/offeror did not make and document sufficient good faith efforts.

As part of this reconsideration, the bidder/offeror will have the opportunity to provide written documentation or argument concerning the issue of whether it met the goal or made adequate good faith efforts to do so. The bidder/offeror will have the opportunity to meet in person with our reconsideration official to discuss the issue of whether it met the goal or made adequate good faith efforts to do. We will send the bidder/offeror a written decision on reconsideration, explaining the basis for finding that the bidder did or did not meet the goal or make adequate good faith efforts to do so. The result of the reconsideration process is not administratively appealable to the Department of Transportation.

Good Faith Efforts procedures in situations when there are contract goals (26.53(f)(g))

We will include in each prime contract a provision stating:

The contractor shall utilize the specific DBEs listed to perform the work and supply the materials for which each is listed unless the contractor obtains consent from the Friedman Memorial Airport Authority as provided in this paragraph 26.53(f); and

That, unless our consent is provided under this paragraph 26.53(f), the contractor shall not be entitled to any payment for work or material unless it is performed or supplied by the listed DBE.

We will require the contractor that is awarded the contract to make available upon request a copy of all DBE subcontracts. The subcontractor shall ensure that all subcontracts or an agreement with DBEs to supply labor or materials require that the subcontract and all lower tier subcontractors be performed in accordance with this part's provisions.

In this situation, we will require the prime contractor to obtain our prior approval of the substitute DBE and to provide copies of new or amended subcontracts, or documentation of good faith efforts.

We will require that a prime contractor not terminate a DBE subcontractor listed in response to paragraph (b)(2) of this section (or an approved substitute DBE firm) without our prior written consent. This includes,

but not limited to, instances in which a prime contractor seeks to perform work originally designated for a DBE subcontractor with its own forces or those of an affiliate, a non-DBE firm, or with another DBE firm.

We will provide such written consent only if we agree, for reasons stated in our concurrence document, that the prime contractor has good cause to terminate the DBE firm. For purposes of this paragraph, good cause includes the following circumstances:

- (1) The listed DBE subcontractor fails or refuses to execute a written contract;
- (2) The listed DBE subcontractor fails or refuses to perform the work of its subcontract in a way consistent with normal industry standards. Provided however, that good cause does not exist if the failure or refusal of the DBE subcontractor to perform its work on the subcontract results from the bad faith or discriminatory action of the prime contractor;
- (3) The listed DBE subcontractor fails or refuses to meet the prime contractor's reasonable, non-discriminatory bond requirements.
- (4) The listed DBE subcontractor becomes bankrupt, insolvent, or exhibits credit unworthiness;
- (5) The listed DBE subcontractor is ineligible to work on public works projects because of suspension and debarment proceedings pursuant to 2 CFR Parts 180, 215 and 1,200 or applicable state law;
- (6) We have determined that the listed DBE subcontractor is not a responsible contractor;
- (7) The listed DBE subcontractor voluntarily withdraws from the project and provides to us written notice of its withdrawal;
- (8) The listed DBE is ineligible to receive DBE credit for the type of work required;
- (9) A DBE owner dies or becomes disabled with the result that the listed DBE contractor is unable to complete its work on the contract;
- (10) Other documented good cause that we have determined compels the termination of the DBE subcontractor. Provided, that good cause does not exist if the prime contractor seeks to terminate a DBE it relied upon to obtain the contract so that the prime contractor can self-perform the work for which the DBE contractor was engaged or so that the prime contractor can substitute another DBE or non-DBE contractor after contract award.

Before transmitting to us its request to terminate and/or substitute a DBE subcontractor, the prime contractor must give notice in writing to the DBE subcontractor, with a copy to us, of its intent to request to terminate and/or substitute, and the reason for the request.

The prime contractor must give the DBE five days to respond to the prime contractor's notice and advise us and the contractor of the reasons, if any, why it objects to the proposed termination of its subcontract and why we should not approve the prime contractor's action. If required in a particular case as a matter of public necessity (e.g., safety), we may provide a response period shorter than five days.

In addition to post-award terminations, the provisions of this section apply to pre-award deletions of or substitutions for DBE firms put forward by offerors in negotiated procurements.

The Friedman Memorial Airport Authority will require a contractor to make good faith efforts to replace a DBE that is terminated or has otherwise failed to complete its work on a contract with another certified DBE. These good faith efforts shall be directed at finding another DBE to perform at least the same amount of work under the contract as the DBE that was terminated, to the extent needed to meet the contract goal that we established for the procurement. The good faith efforts shall be documented by the contractor. If we request documentation from the contractor under this provision, the contractor shall submit the documentation to us within 7 days, which may be extended for an additional 7 days if necessary at the request of the contractor, and the recipient shall provide a written determination to the contractor stating whether or not good faith efforts have been demonstrated.

We will include in each prime contract the contract clause required by paragraph 26.13(b) stating that failure by the contractor to carry out the requirements of this part is a material breach of the contract and may result in the termination of the contract or such other remedies set forth in that section that we deem appropriate if the prime contractor fails to comply with the requirements of this section.

If the contractor fails or refuses to comply in the time specified, our contracting office will issue an order stopping all or part of payment/work until satisfactory action has been taken. If the contractor still fails to comply, the contracting officer may issue a termination for default proceeding.

Sample Bid Specification:

The Friedman Memorial Airport Authority will include the following sample bid specification in all solicitations with a contract goal:

The requirements of 49 CFR Part 26, Regulations of the U.S. Department of Transportation, apply to this contract. It is the policy of the Friedman Memorial Airport Authority to practice nondiscrimination based on race, color, sex, or national origin in the award or performance of this contract. All firms qualifying under this solicitation are encouraged to submit bids/proposals. Award of this contract will be conditioned upon satisfying the requirements of this bid specification. These requirements apply to all bidders/offerors, including those who qualify as a DBE. A DBE contract goal of __ percent has been established for this contract. The bidder/offeror shall make good faith efforts, as defined in Appendix A, 49 CFR Part 26 (attachment 1), to meet the contract goal for DBE participation in the performance of this contract.

The bidder/offeror will be required to submit the following information: (1) the names and addresses of DBE firms that will participate in the contract; (2) a description of the work that each DBE firm will perform. To count toward meeting a goal, each DBE firm must be certified in a NAICS code applicable to the kind of work the firm would perform on the contract; (3) the dollar amount of the participation of each DBE firm participating; (4) Written documentation of the bidder/offeror's commitment to use a DBE subcontractor whose participation it submits to meet the contract goal; and (5) Written confirmation from each listed DBE firm that it is participating in the contract in the kind and amount of work provided in the prime contractor's commitment; (6) if the contract goal is not met, evidence of good faith efforts.

Section 26.55 Counting DBE Participation

We will count DBE participation toward overall and contract goals as provided in 49 CFR 26.55. We will not count the participation of a DBE subcontract toward a contractor's final compliance with its DBE obligations on a contract until the amount being counted has actually been paid to the DBE.

If the firm is not currently certified as a DBE in accordance with the standards of subpart D of this part at the time of the execution of the contract, we will not count the firm's participation toward any DBE goals, except as provided for in 26.87(j).

SUBPART D –CERTIFICATION STANDARDS

Section 26.61 – 26.73 Certification Process

The Friedman Memorial Airport Authority will use the certification standards of Subpart D of part 26 and the certification procedures of Subpart E of part 26, as applied by the Idaho Transportation Department, to determine the eligibility of firms to meet all certification eligibility standards. The Idaho Transportation Department performs all DBE certification for the Friedman Memorial Airport Authority and will make certification decisions based on the facts as a whole. Attachment 8 includes the Uniform Certification Application form used by the Idaho Transportation Department.

Process

For information about the certification process or to apply for certification, firms should contact: Idaho Transportation Department, DBE Supportive Services, 3311 West State Street, Room 207, Boise, Idaho 83707, (208) 334-4442.

If, at any time, the Friedman Memorial Airport Authority receives a complaint concerning DBE eligibility or has any reason to question a DBE's eligibility, notice shall be provided to Idaho Transportation Department.

Applicants denied certification or decertified by Idaho Transportation Department may apply again three months from the date of denial.

Decertification will be determined by Idaho Transportation Department in applying its DBE program in accordance with section 26.87.

SUBPART E – CERTIFICATION PROCEDURES

Section 26.81 Unified Certification Program

The Friedman Memorial Airport Authority is a member of a Unified Certification Program (UCP) administered by the Idaho Transportation Department. The UCP will meet all of the requirements of this section. Attachment 10 lists airports who have signed the statement of agreement with ITD.

SUBPART F – COMPLIANCE AND ENFORCEMENT

Section 26.109 Information, Confidentiality, Cooperation

The Friedman Memorial Airport Authority will safeguard from disclosure to third parties information that may reasonably be regarded as confidential business information, consistent with Federal, state, and local law.

Notwithstanding any provision of Federal or state law, we will not release any information that may reasonably be construed as confidential business information to any third party without the written consent of the firm that submitted the information. This includes applications for DBE certification and supporting information. However, we will transmit this information to DOT in any certification appeal proceeding under § 26.89 of this part or to any other state to which the individual's firm has applied for certification under § 26.85 of this part.

All participants in the Department's DBE program (including, but not limited to, recipients, DBE firms and applicants for DBE certification, complainants and appellants, and contractors using DBE firms to meet contract goals) are required to cooperate fully and promptly with DOT and recipient compliance reviews,

certification reviews, investigations, and other requests for information. Failure to do so shall be a ground for appropriate action against the party involved (e.g., with respect to recipients, a finding of noncompliance; with respect to DBE firms, denial of certification or removal of eligibility and/or suspension and debarment; with respect to a complainant or appellant, dismissal of the complaint or appeal; with respect to a contractor which uses DBE firms to meet goals, findings of non-responsibility for future contracts and/or suspension and debarment).

The Friedman Memorial Airport Authority, contractor, or any other participant in the program will not intimidate, threaten, coerce, or discriminate against any individual or firm for the purpose of interfering with any right or privilege secured by this part or because the individual or firm has made a complaint, testified, assisted, or participated in any manner in an investigation, proceeding, or hearing under this part. If we violate this prohibition, we are in noncompliance with this part.

ATTACHMENT 7

MONITORING AND ENFORCEMENT MECHANISMS

The Friedman Memorial Airport Authority has available several remedies to enforce the DBE requirements contained in its contracts, including, but not limited to, the following:

1. Breach of contract action, pursuant to the terms of the contract;
2. Breach of contract action, pursuant to Idaho code.

In addition, the Federal government has available several enforcement mechanisms that it may apply to firms participating in the DBE problem, including, but not limited to, the following:

1. Suspension or debarment proceedings pursuant to 49 CFR Part 26
2. Enforcement action pursuant to 49 CFR Part 31
3. Prosecution pursuant to 18 USC 1001.

ATTACHMENT 12

SMALL BUSINESS ELEMENT Friedman Memorial Airport

The Friedman Memorial Airport Authority has created a Small Business element to structure contracting requirements to facilitate competition by small business concerns. The Friedman Memorial Airport Authority's Small Business element is designed to foster the development and continued viability of small businesses. The Friedman Memorial Airport Authority is committed to increasing business participation with small business concerns in a fiscally responsible manner.

1. Objective/Strategies

- (1) The Friedman Memorial Airport Authority will consider on a case by case basis establishing a race-neutral small business set aside for contracts valued up to \$500,000.
- (2) The Friedman Memorial Airport Authority, will, when feasible, "unbundle" projects by separating large contracts into smaller contracts which may be suitable for small business participation. The Friedman Memorial Airport Authority will conduct a review of each FAA-assisted contract to determine whether portions of the project could be unbundled and bid separately.
- (3) The Friedman Memorial Airport Authority arranges solicitations, bid schedules, quantities, specifications, and delivery schedules in ways that facilitate participation by small businesses and DBEs.
- (4) The Friedman Memorial Airport Authority will identify procurements structured to facilitate the ability of joint ventures consisting of small businesses, including DBEs, to compete for and perform prime contracts.
- (5) The Friedman Memorial Airport Authority will put into place monitoring of consultant-design projects for possible small business participation and encouraging use of small businesses in projects.

2. Definition

Certified DBEs that meet the size criteria established under the DBE Program are eligible to participate in the small business element of the DBE Program.

Small businesses must meet the size standards of the Small Business Administration, must be consistent with the requirements of 49 CFR 26.5, and must be no larger than the size of firms eligible to be certified as a DBE.

3. Verification

DBEs participating in the small business element of the DBE Program shall be certified by the Idaho Transportation Department.

The Friedman Memorial Airport Authority shall be diligent in its efforts to minimize fraud and abuse in the small business element of its DBE program by verifying program eligibility of firms. DBEs participating in the small business element of the DBE Program shall be certified by the Idaho Transportation Department. A firm not certified as a DBE that wishes to participate in the small business element of the

DBE Program shall demonstrate to the Friedman Memorial Airport Authority that it meets the applicable Small Business Administration small business size standard by submitting information on gross revenues, ownership, legal structure and principal activity.

4. Monitoring/Record Keeping

The Friedman Memorial Airport Authority will maintain a contact list comprised of businesses, partners and economic development contacts established through various educational opportunities as well as partners. Through this contact list, the Friedman Memorial Airport Authority will be able to communicate to small businesses about upcoming opportunities to grow small businesses.

The Friedman Memorial Airport Authority will implement a monitoring and enforcement mechanism to verify that work committed to small businesses at contract award is actually performed by the small business. This will be accomplished by requiring Prime Contractors to provide documentation certifying that payments to subcontractors (including DBEs and small businesses) have been made within the time limit stated in their contract. The contract is solely between the Friedman Memorial Airport Authority and the Prime Contractor.

The Friedman Memorial Airport Authority will keep a running tally of actual payments to small businesses for work committed to them at the time of contract award.

5. Implementation Timeline

The Friedman Memorial Airport Authority will implement this small business element within nine months of FAA's approval.

6. Assurance

The Friedman Memorial Airport Authority makes the following assurances:

1. The DBE Program, including the small business element is not prohibited under state law;
2. Certified DBEs that meet the size criteria established under the DBE Program are presumptively eligible to participate in the small business element of the DBE Program;
3. There are no geographic preferences or limitations imposed on any FAA-assisted procurement included in the program;
4. There are no limits on the number of contracts awarded to firms participating in the program but every effort will be made to avoid creating barriers to the use of new, emerging, or untried businesses; and
5. Aggressive steps will be taken to encourage those minority and women owned firms that are eligible for DBE certification to become certified.
6. The program is open to all small businesses regardless of their location (there is no local or geographic preference).
