FY '20 Budget Review

Following is a brief overview of the proposed FY '20 combined budget for the Friedman Memorial Airport. In development of the draft budget, Staff has met with the FMAA Finance Committee to discuss and analyze required operating and capitalization expenses for FY '20. This budget includes a projection of revenue and expenses relative to the continuity of ongoing operation of the Airport. The budget also includes capital investments and Federal Aviation Administration (FAA) Airport Improvement Program (AIP) grant projections. The AIP grant projections are based on anticipated project schedules and grant issuance periods. The Preliminary FY '20 Budget Worksheets do not include revenue based on any potential Rates and Charges adjustments.

Proposed FY '20 Budget highlights are provided below:

Revenue

Revenue sources and line items in the Budget Worksheets remain relatively unchanged from last year. Revenue projections are considered conservative for FY '20. Revenue highlights include the following:

- Air carrier Lease Fees – The increase reflects the completion of lease negotiations and the accelerated rate passenger facility charges (PFC) that are being collected.
- Terminal Auto Parking – The increase reflects the gross amount collected in the previous fiscal year and the new management agreement. These revenues are offset by the contract fees paid to The Car Park for the management and operational expenses.
- Auto Rental - Commission revenues are projected based on previous year actual revenue collections.
- Automobile Rental – Auto Parking – The decrease reflects the recapture of the parking area utilized by the Overland West. Staff anticipates this area will be needed for additional general/employee auto parking.
- FBO Tiedown Revenues – The decrease reflects the increased utilization of the Atlantic Aviation maintenance hangar for transient aircraft parking/
- Hangar Land Lease – The increase is reflective of lease negotiations, CPI adjustments and a new lease associated with the construction of a new hangar on the north end of the airfield.
- FAA/AIP – Revenues associated with federal grant projects

“A” Budget – Personnel Expenses

- Employees will be eligible for a 2.0% CPI adjustment in employee compensation. Merit increases up to an additional 2% may also be provided predicated on meritorious performance.
- The position for a part-time Public Information Officer has been removed.
- Seasonal Snow Removal reflects the addition of two additional seasonal employees. This increase is based increased snow removal requirements.

“B” Budget – Administrative Expenses

- Travel – Conference/Project Expenses – Increased to include travel costs associated with the Air Traffic Control Tower Relocation Study, NWAAAE Board position, AAAE Contract Tower Association and regional conferences.
- Utilities – Increase due to increased terminal usage and additional landscaping.
- Professional Services – Increased to include Air Carrier Lease Support, Airspace Consulting Services and an Air Traffic Control Tower Relocation Study.
- Contracts – Parking Management Fees are associated with the parking lot management contract with The Car Park.
- Bank Fees – Increase is reflective on fees associated with credit card processing at the parking lot fee pay stations.
- Equip/Vehicle Rental – Increase includes an additional loader.
- Vehicle/Maintenance – Increase reflects an aging fleet with additional maintenance needs as well as additional pieces of equipment.
- Repairs/Maintenance – Airfield – Provides the ability to contract snow removal, if needed.
- Security Expense – Includes an increase to law enforcement services. It is anticipated that increase services will be needed based on the increased flight schedules.

“C” Budget – Capital Expenses

- Buildings & Improvements – Includes the purchase parking lot equipment (3 year lease purchase).
- Airfield & General Improvements – Includes pavement crack sealing and painting.
- Maintenance Equipment/Vehicle – Includes equipment associated with airfield maintenance and snow removal.
- Security – Includes equipment associated with maintaining TSA security requirements.
- Assessment Plans/Studies – Includes the completion of an Airport Strategic Plan, Airport Minimum Standards and Airport Rules & Regulations.
- FAA/AIP – Expenses associated with federal grant projects.

Budget Summary

Revenue:	\$7,333,341.88
Expenses:	<u>\$7,061,548.18</u>
Net Income/Loss:	\$271,882.70

The proposed FY '20 represents a decrease of approximately \$3.3M from the FY '19 Budget, a reduction of approximately 32%. The decrease is primarily attributable to a reduction in FAA AIP capital projects and associated grants.

FY '20 Proposed Combined Budget:	\$7,061,549.18
FY '19 Combined Budget:	\$10,374,670.70

Based on projected revenues and expenses, the Board can anticipate presentation of this budget, with any changes or refinements as may be deemed necessary, in the July Board Brief.
