# SUN art

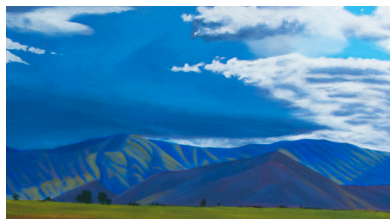

Welcome to the SUN Art exhibit at Friedman Memorial Airport (FMA) featuring 34 works by 26 artists. This is the third in a series of rotating exhibits—an effort by FMA to showcase the talent of the many artists who live or work in the region. The exhibit was organized and juried by members of the Hailey and Ketchum Arts Commissions and FMA board and staff. The exhibit will be on display through October 2016.
